

moziblox

Nature

It all stacks up!

Built on 50 years of heritage,
this incredibly versatile toy, has all its
original unique features skilfully combined
with three new blocks and crafted in wood.
Delivering far more than meets the eye ...

Did you know ... ?

1. Original set had 27 cubes making a 3D puzzle that predates Rubik's cube.
2. Sets have been handed down from one generation to the next.
3. Each individual cube has six plain geometric shapes in one of six colours.
4. **Moziblox Nature** now has three new cubes:
A. The colour cube has plain colours on each face in particular arrangement.
B. The solution to the new twin 8-cube 3D puzzles with mirrored patterns.
C. The solution to the new 27-cube 3D puzzle, a challenge for adults.
5. The six colours are now Red, Blue, Yellow; and Green, Orange, Violet.
6. These are the three primary colours and the three complementary colours.
7. The 30 cubes provide 180 square 'puzzle pieces' with geometric shapes.
8. The geometric shapes are in squares, rectangles, triangles and circles.
9. Make lots of patterns using multiples of one shape, and lots more combining shapes.
10. Make lots of pictures in one colour or many colours.
11. Cubes hide three or more faces so players need to search for a particular shape.
12. Helps young children improve dexterity, planning and literacy skills as well as memory.
13. Used to teach young children basic numeracy concepts.
14. Used to teach older children combination and permutation theory.
15. Used by professionals for remedial teaching.
16. Used by professionals for the diagnosis of perceptual difficulties.
17. Comes with full-size pattern sheets and instructions in 7 languages.
18. **Moziblox Nature** is still unique and is regarded by thousands of users as a classic toy.
